

GUN CONTROL

Talk about a tough issue!
But **Jesco** has the answer. We have your best solutions for metering, mixing and dispensing a wide range of adhesives, elastomers and two-component resins. **Jesco** pioneered "suck back" and adjustable "suck back" technology with our patented Drip-Less™ systems, designed for clean cut-off. And our precision applicators and guns give you unprecedented control of flow rate and ratio mixing.

Take control of your operation. Call us today at **1-800-SEE-JESCO** for a free product application guide.
